

Camp. Gordon

November 14/16.

Dear Mother Father & Carrie.

I know this will not grow to the proportion of a letter but will do the best I can. considering that I sent a pretty fair one Sunday. Received Carrie's letter yesterday and I sure hope you persuaded Dad to take his trip. If anyone deserves a holiday he does.

We are here completing our Musketry and so far I have made good scores yesterday at 100 yards I made a possible 25 out of 25 and on 200 yards another possible 20 out of 20 out of 45 points yesterday I made 45. Today I was not quite as steady on 300 yards I only made 13 out of 20 and at 400 yards 18 out of 20 There was a strong wind today and there were no very good scores in fact mine was good considering some of the others.

We have been pretty lucky here as far as weather is concerned. we have not had any rain here yet. But we are in an Imperial Camp and get English

Ration and Believe me, we notice the
difference. This is the Best Camp we
have been in yet. But the latest Rumor is
that we have to move Friday to let some
English Troops in here. I am sorry as the
Rangers here are dry and likely the next
place we strike will be a mud Hole.
I have not heard from Murray But I
guess he is all safe, and when I get
back to Camp we will be together again.

Well dears I guess this is about
all the news when we are not firing
we are forming for a Physical drill.
am glad you are all well. Remember
my advise now dears not too much
work.

For now.

Took
