

Whitley Camp.

Sunday.

Nov. 19/16

Dear Mother Father Carrie

Arrived Back at Whitley
Friday night and believe me
I was tickled to find a
couple of parcels & some
letters waiting for me.

We have not finished
firing yet but had to leave
Bardon on account of
some Imperial troops who
were coming there.

Thursday Nov 16/16
up at 5³⁰ Breakfast at 6³⁰
Marched out to the Ranges
& fired 5 rounds snap &
10 Rounds rapid it is cold
and windy to-day, and this
damp climate certainly
gets next to your skin

we left the Ranges about.
11³⁰ and marched Back we
had dinner, then packed
up ready for our trip
on Friday. By the way
we are getting quite efficient
in this art. Thursday
evening I walked to the
Villages and Between
picture show and other
amusements spend quite
a nice Evening, got Back
to Camp about 10 where
a funny incident happened
one of our fellows had been
complaining about a sore
ankle, when I came in he
asked me to look at it, I
happened to have my flashlight
with me, so I turned the
light on it, could see a
little piece of glass

sticking we worked for
a little while & Took out
a piece of glass over an
inch long and about an $\frac{1}{8}$
of an inch wide out. He
had stepped on a piece
of glass about 2 yrs ago &
this piece had been in his
foot ever since and work-
ed right from the Bottom
up. I went of to the M.O's
& got some peroxide and
dressed it, He reported to
the M.O. next morning &
he said it was a wonderful
cure. After this excitement
I went to Bed.

of sand and I closed my
eyes completely twice when

those parcels etc I was
all excitement and forgot.
I was tired, Everything in
the parcel was just fine

are now in the Orderly
Room and about every
half hour we have a piece

of fruit Lake. Murray and

I am feeling fine & will be
glad when this Musketry
Course is over as it means
a lot of marching to & fro

Dad to go North But.
Remember dears not too
much hard work.

I think I have pretty
well covered the news Oh
say I cannot understand
how Annabelle got three
letters and you got none
Because I always write
home first.

helped. I will try myself.
