

Sunday June 24/17
Whitley Camp.
Surrey Eng.

My dear Mother Father & Carrie
Just received another
Box from Home to-day containing
Socks, cigarettes, cake etc. and oh
they were just dilly. We are going
to save those for after meal
snacks and if we see any grubbers
coming around we will have another
box ready for them

Last week I had a real
cinch as all the most of our new
ones were down to the Ranges and
Company parade generally consisted
of about 1/2 dozen N.C.O.'s as we
spent most of last week reading
maps. Compasses etc. and it was
quite interesting

Sat morning we left here
at 6³⁰ AM and marched about 10 miles
we went through ~~Land Force~~ etc
estate and it is sure some dandy
place

This week I am acting
Company orderly Sergeant. and I
expect to be pretty busy as we
are again duty Battalion

On Saturday afternoon
our Base Ball Team played the
13th Brigade Artillery who are
the Champions of this division
and we won 5-3 although I will

admit we were pretty lucky.

Murray and I are well and are both working pretty hard we have not been able to get our passes and by the look of things it doesn't look as if we will get them. It is rumored we move on the 1st of August.

Everything is going along here pretty well. And as I feel as blue as Indigo I am going to cut this short and not transfer it to you.

I hope you are all well and everything is going along fine. Please thank Mr Reid for the Tobacco he sent tell him it is just the kind I smoke.

Remember me to all
Your loving Son & Broth

Bob
