

October 14/7 Sunday.

Same old Place

My darling Mother Father & Corrie

It is the most beautiful day here to-day and I sure do wish we were all together again to enjoy it. Last Sunday when we had our day off it Rained so we were kind of out of luck.

Murray came back from Mychell yesterday and I was sure glad to see him we are together so much that when one of us is away for a few days we seem lost.

We had it pretty easy last week, the drill hours have been cut down and I really think we will be getting it pretty easy for some time.
