

Thursday November 22/17
Witley Camp
Surrey.

My dear Sis:-

Received your letter
this morning and believe me dear I
appreciate what you have done for
me. I think the idea of giving Annabelle
her Ring on my Birthday a dandy
idea, I am sure it is a beauty because
Annabelle has been raving about it in
her letters and the price is pretty
reasonable too. Never mind Kiddo when
I get back I must give you a great big
hug & kiss.

This morning I was over
to the Dentists some extractions also
a couple of fillings and just now I feel
as if my head is bursting.

Murray & I are both well
hope you are all the same at Home.
I will write again Sunday when my
old head lets up.

Remember me to all dear
with love

Bob.
