

Sunday November 25/17
Witley Camp.
Surrey.
England

My darling Mother Father & Carrie

Well dears here we are
again Sunday morning just after
Church Parade, we had the Chaplain
of the 208th this morning, and I do hope
we do not get him very often very
dull and hard to listen to you know
the kind.

I received your letter
Friday and it sure made me feel
good, to hear your congratulations etc.
I wrote you all, about it a couple of
weeks ago and thought I would be in
time to let you know but it takes
so long for mail to come and go that
it kind of ticks our ~~re~~ places in the
situation although I think it is a lovely
idea for Annabelle to get her ring
on my Birthday

I am awfully sorry Dad
could not go up to the woods this
year, But here hoping that he does not
miss again.

Well dears I suppose you
are all settled by now in the Bungalow
I am certainly looking forward to that
Snap you are going to send one of it.

2

I would sure like to be there to see it But again here's hoping it may be soon.

Last Thursday I went to the Dentist I had a slight touch of Indigestion and thought it may be caused from my teeth I had three taken out and five filled. Yesterday one of the ones that have departed started to bother me and today my face looks as if I had a plum inside. I think I must have caught cold in it. On Monday we are starting on a scheme which takes us down near the coast. we will be out about five days. But I will try and write if possible.

Murray struck a jake job on Friday night he was warned to be ready for London at 8 AM Sat morning it's a job in connection with Canadian Election and may take him over to Paris before he is finished. He will be away about 4 weeks. I think On Dec 3 I leave for Borden and will be there for 8 weeks. There are a bunch of Americans at Borden and I expect to

have a pretty hot time as I cannot
stand their Dragging. You know
they say they have come over here
to finish the war.

I am sorry I am not there
to help with some of the work But
I am glad to hear the Business is good
Please do not work too hard.

I saw Fred Leach last Sat.
he is certainly looking fine
Remember me to all dear
Your loving Son & Brother

Bob.

Everything you send in the Bales is
fine but do not send any more
soup. Bob.

I do not expect to be able to afford any
Christmas gifts this year. I have sent
some Cards I sent one to Mr Sangster
and Murray is sending one to you
after I get back from this course I will
have a picture taken and send you
Bob
