803022

My darling Mother Father & Sue
Just a line dear to
let you know that I am feeling fine
We have been kept pretty well on
the move since we hit the country
But we are with the Battalion
now and suppose things will soon
settle down to a Routine again
Of course everything is pretty strange
to us here in this one mans land
different language, different money
and different surroundings

Just at present Murray
and I are separated although we
are in the same Company he is in
#9 and I am in #11 but we are trying
to arrange it somehow.

We are pretty lucky in
getting good Biletts and I think
as soon as we get used to the Leaps
marching we will be jake and
it will certainly not be so onerous
any more.

There are lots of things I would like
to tell you about, But we will just
have to wait.

We were marching through a
certain place Friday and I saw
Fred Huddleston & a few of the
other Boys and they were certainly
looking fine.

I will be glad when our mail
starts to find us over here.
Because we sure do feel like stran-
gers in a foreign land.

Remember me to all & say
Oh say if you can send Maak
again now. whenever you are
sending anything.

Your loving Son & Bro.

Ree Leach
