

Sunday July 28/18
Stonewheie

My darling Mother Father & Sis
Sweet dears here we
are another Sunday and believe
me these weeks do fly along.

I received one letter
from Mother yesterday also
one from Grace and was glad
to hear that you were all
feeling well. Just at present
the boys are in the line, so
Murray and I are not together
I am still with the Concert party
We have another Officer in
charge of us and he is a whirl
wind, while we had the other
we did not have anything
definite to work on. Therefore
we did not accomplish anything
although we worked hard.

I do not know how
long I will be able to stay with

The Bunch they have sure got
some good talent and my voice
is not nearly so deep as it
used to be.

Now dears I don't want you
to send me anything, whenever
you feel like sending me any-
thing, just put it aside as
my contribution to the good
cause. I have often wished
I were there so I could help but
no such luck. so I guess that
is about the only way I can
do anything.

I enjoyed those snaps.
Barrie sent and I just wish
I were sitting in the centre
of the Bunch.

We have been getting
quite a lot of Rain lately and
am afraid the Boys will be
in for a Bad dose of mud
up the line.

Remember me.

To all. I will try and write
more often from now on.
Your loving Son & Brother
Bsh.
