My darling Mother Father & Sister

Well dears here it is another
Sunday and I am still here although
I am not much of an invalid now.
Since last Monday I have been
rather busy around here My eye
test came back on Monday so since
then I have been having them treated
At 9 AM I go down and have my wound
dressed and by the way it is nearly
healed now and I think this week
will about finish it at 10 AM I have
my eyes Bathed at 11 AM I do R. G. which
is a slight form of P. I. at 12³⁰ Dinner
"some dinner" at 1³⁰ Parade until 2 PM
at 3⁴⁵ Have my eyes Bathed again and
at 8⁴⁵ I have some sort of ointment put
in them so you see dears my time
is pretty well taken up.

There has not been very much
Canadian mail in this last week.
I had one letter from Annabel and
she is some Girl. I also had a parcel
from Teddy Day, but you know
about that as it looked like yours.

writing on it.

I was certainly sorry I left Birmingham when I did. As I met Mrs. Pickrel and two of her daughters out at Bearwood, they were certainly good to me. and if everything goes, as I expect I will be spending a few days in Bilston on sick leave, which I expect to get within the next few weeks, I also intend to call on Capt Butler, I am sorry I lost that address in Upper Dootings. I could easily go there from here.

The war news lately have been very encouraging. But I am afraid our little Corps has been getting a bad cutting up since August. and I was certainly lucky to get out of it when I did.

To-day is what I would call a Blue Sunday. Rain etc. This is sure an awful country for Rain and if when I get home and anyone mentions dear old England look out for rocks.

Well dear guess I will ring off now as its time to hone my eyes. Bathed;
Your loving Son & Brother, Bob
